Program:

Sauvie Island Fire Chief Norvin Collins talked about the Island Emergency Plan that is being developed. Partners with the Fire Department are Multnomah County Emergency Management and the Multnomah County Sheriff's Office. The plan will cover all hazards. His questions to us—(1) What do we want it to be? and (2) What can we do to help? They are looking for community input and assistance and plan town-hall-type meetings and email blasts to get the word out about the process.

Those interested in participating should contact liaison Julia Bergren. They are looking for help with the website, communication, mapping that shows critical infrastructure, education, and grant writing.

Meeting was adjourned at 8:20.
