

SICA and the Grange are working with the Sauvie Island Fire District and the Multnomah Office of Emergency Management to help you and your neighbors identify resources to share and special needs to be aware of in an emergency. We encourage you to organize your own Neighborhood Emergency Team (NET). Learn more about this at <https://www.portlandoregon.gov/pbem/31667>? If you would like someone to meet with you and your neighbors, contact us at communityassociation@sauvieisland.org.

Family Emergency Supplies Lists

Local officials and relief workers will be on the scene during an emergency, but they cannot reach everyone immediately. In addition, basic services such as electricity, gas, water, and telephones may be cut off for days or even longer. We may need to survive on our own after an emergency. Putting together an emergency kit will help you do just that.

Home Emergency Kit

A home emergency kit should contain enough items to last for at least 7-14 days. Here are some suggested items for your home emergency kit:

- Water - one gallon per person per day for at least 14 days
- Food - at least a 7- to 14-day supply of non-perishable food, snacks and a can opener
- NOAA Weather Radio or small personal radio that is hand crank or battery powered
- Flashlight
- Extra batteries
- First aid kit that includes extra prescription medications
- Toiletries and sanitation items
- Tool set that includes tools to turn off your utilities
- Dust mask, gloves, and protective clothing
- Local maps
- Cash in small denominations and quarters for phone calls
- Cell phone with chargers

For more information visit <https://multco.us/em/emergency-preparedness>

Go Kit

This kit is a portable version of your home emergency kit to have ready to take with you if you need to evacuate your home. It is a good idea to have one Go Kit per person and have it placed in a location that is easy to access if you have to leave quickly. Starred items should be included in an adult's kit and may not be necessary for a children's kit.

- Backpack or easy-to-carry container
- Flashlight Radio
- Extra batteries
- Pocket knife*
- Cash in small denominations and quarters for phone calls*
- Change of clothes and weather-appropriate sturdy shoes
- Local map*
- Portable water (bottled or water packets)
- Non-perishable food/snacks
- Photos of family members and pets for identification
- Family and emergency contact information
- First aid kit including extra prescription medications and a list of allergies
- Copies of identification and health insurance cards
- Toiletries
- Extra house and vehicle keys*
- Activities, games or comfort items for children

For Your Pets

Your pets are important members of your household and they will need an emergency supply kit as well. Here are some suggested items for an emergency kit for your pets as suggested by the ASPCA:

Home Emergency Pet Kit

- Water—one gallon of water per pet per day for 7-14 days
- Food—7-14 day supply of food
- Litter
- First aid kit with extra medications

Go Kit for Pets

- Bottled water
- Food and treats
- First aid kit with extra medications
- Litter, paper toweling, newspaper or animal waste pick-up bags
- Liquid dish soap and disinfectant
- Feeding dishes
- Extra harness and leash
- Copies of veterinary records, license information and a recent photo and description
- Traveling carrier for each pet
- Toys
- Especially for Cats:**
Pillowcase or EvackSack, toys, scoopable litter
- Especially for Dogs:**
Long leash and yard stake, toys and a week's worth of cage liner
